

## Install and Use BuzzStickers (iOS)

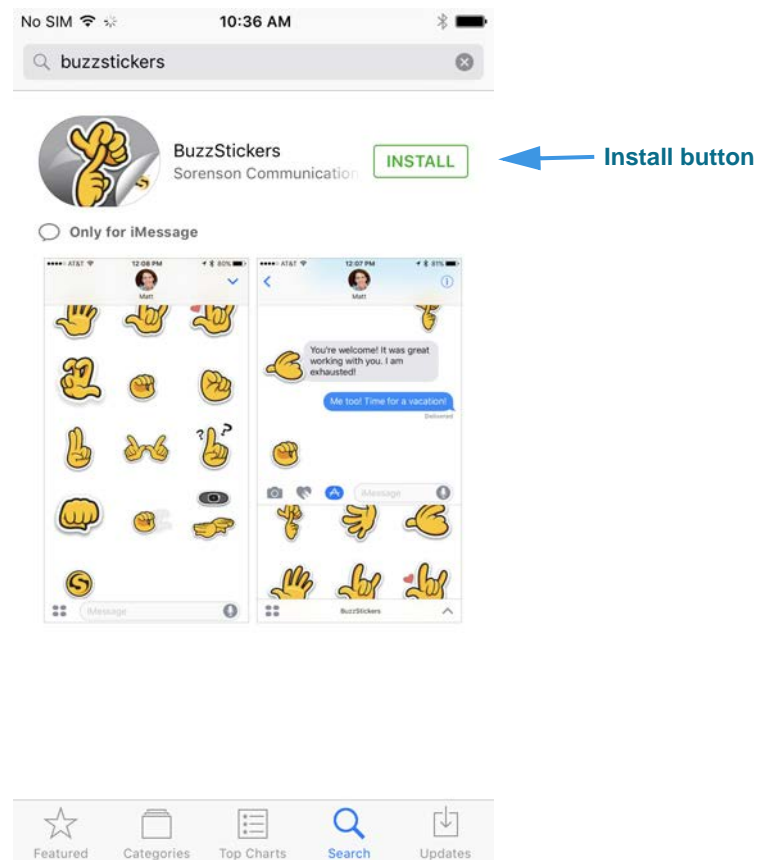

Sorenson BuzzStickers are animated ASL “stickers” for use with Apple iOS 10’s Message app. Similar in use to emoticons, BuzzStickers are ASL signs and expressions that you can send as part of a text message. Installing and using BuzzStickers is easy.

Step 1. Open App Store and search for “BuzzStickers” as shown below.

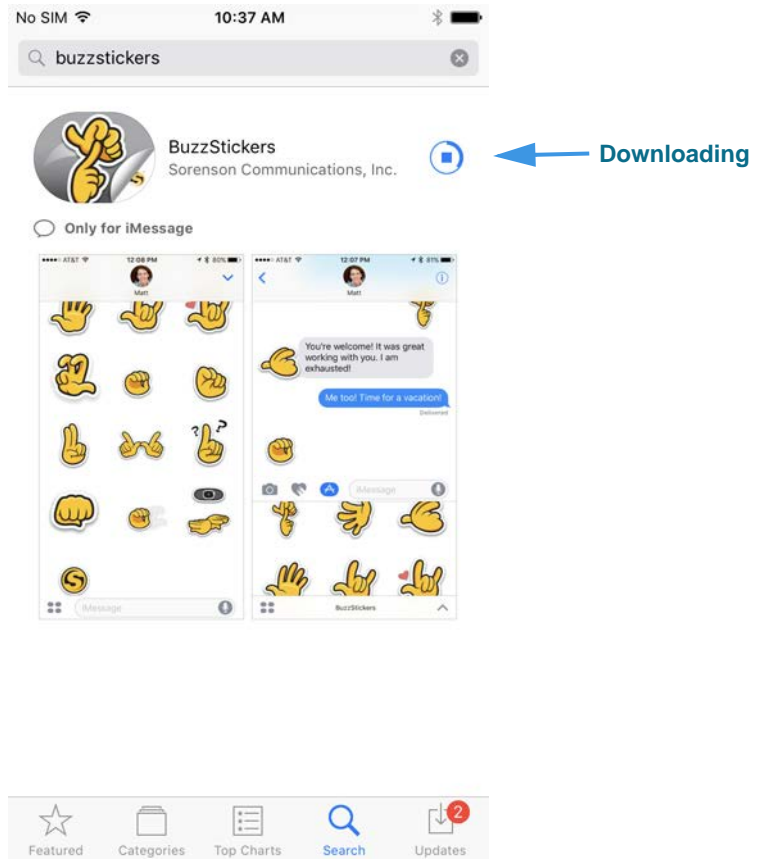

Search for BuzzStickers

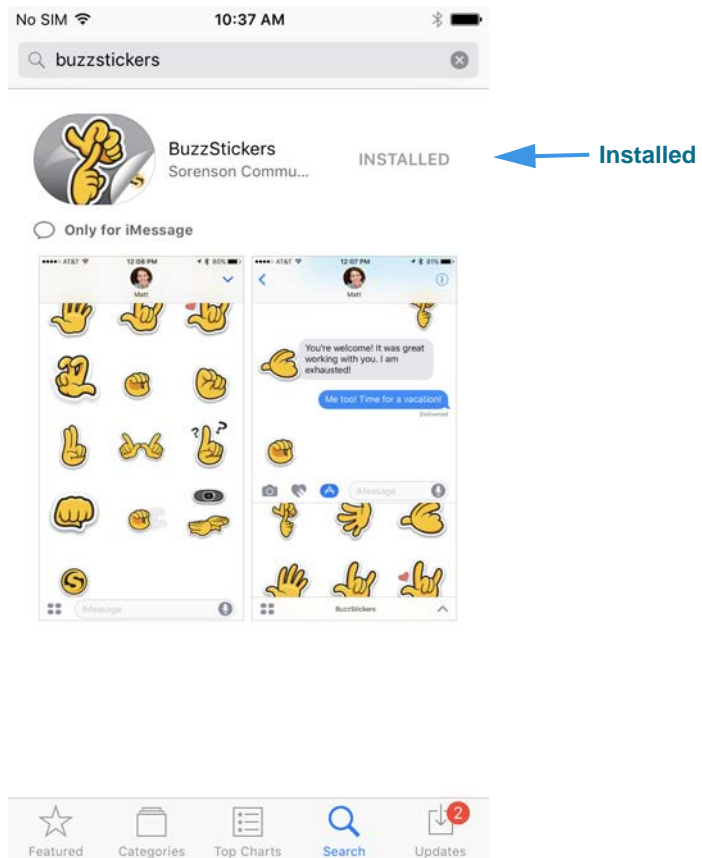

Step 2. Tap the **Get** button to reveal the **Install** button as shown below.

Step 3. Tap the **Install** button to begin downloading the app as shown below.

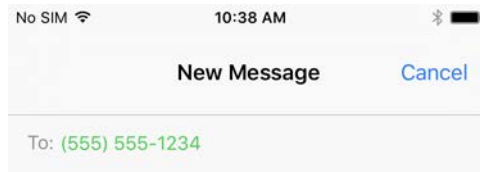

Step 4. Wait for the **Installed** message to appear as shown below.

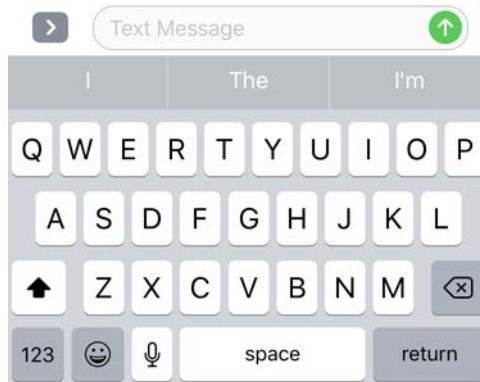

Step 5. Open the iMessage app and create a **new message** as shown below.

Create a new message

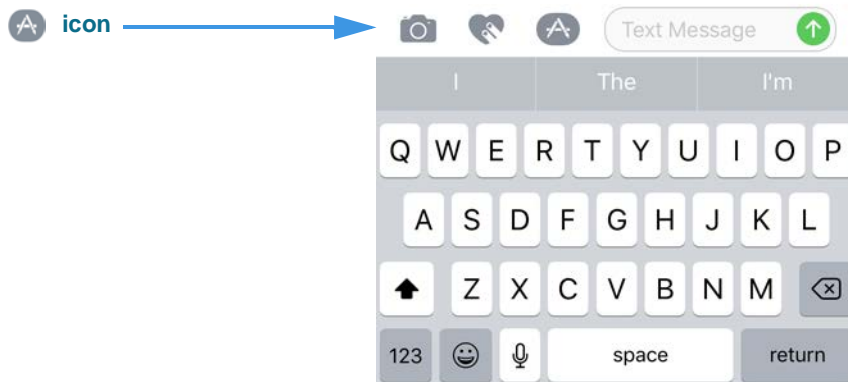

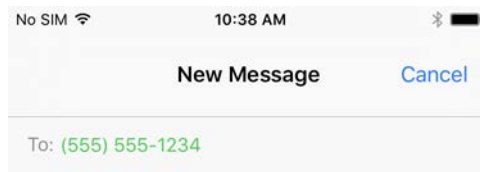

> icon

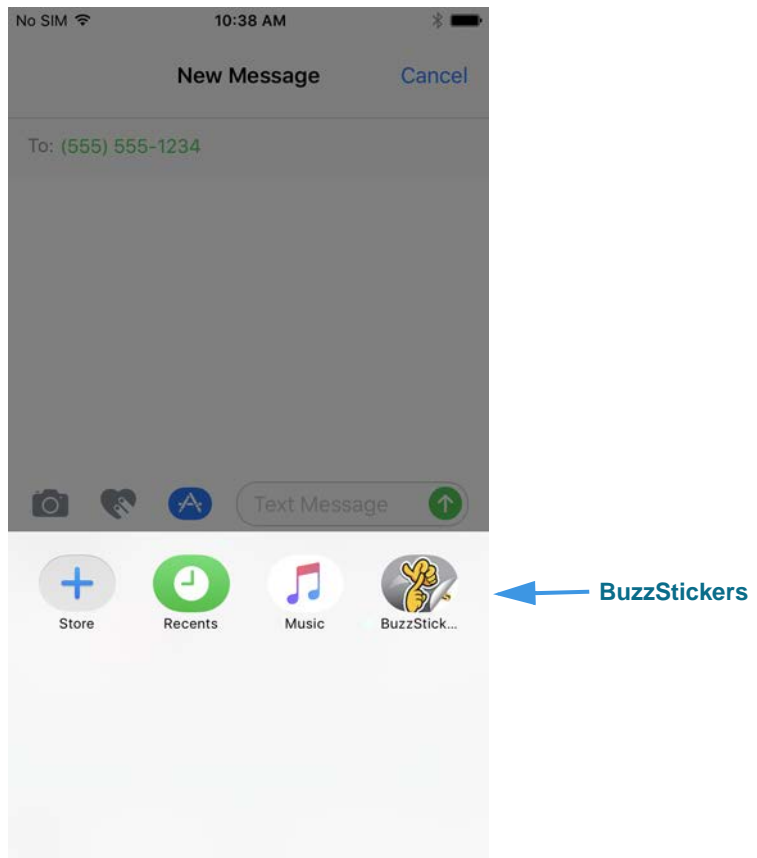

Step 6. Tap the > icon to reveal the add-in options as shown below.

A icon

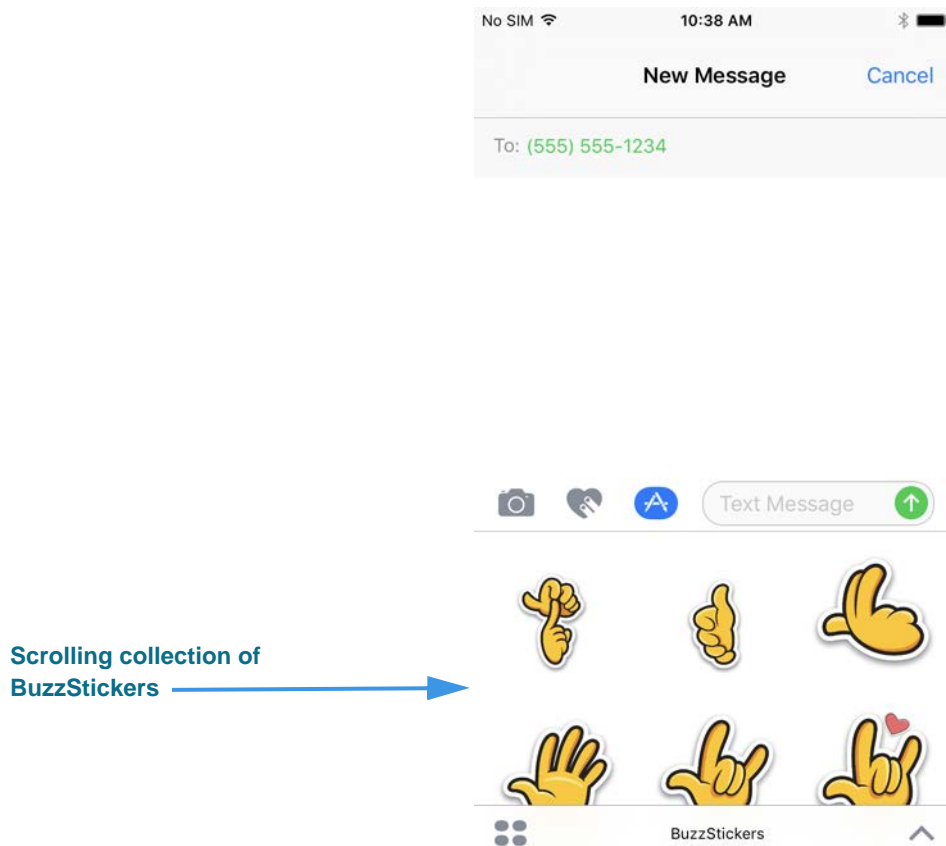

Step 7. Tap the  icon to reveal the add-in drawer as shown below.

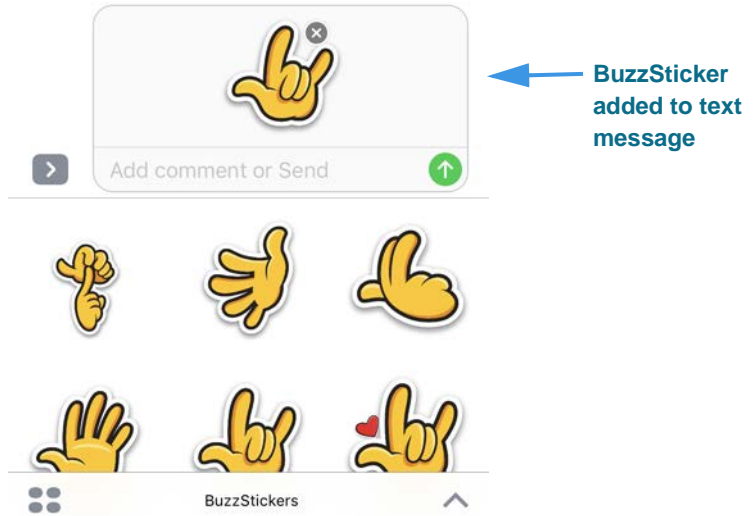

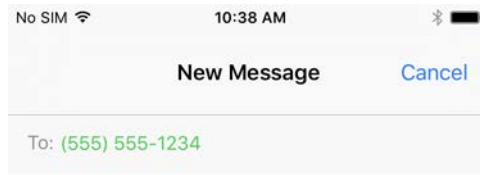

**Note:** If you do **not** see the BuzzStickers icon, go to **Step 11**.

Step 8. Tap the **BuzzStickers** icon to reveal the collection of stickers as shown below.

Step 9. Tap the **icon** of the BuzzSticker you want to add to the message as shown below.

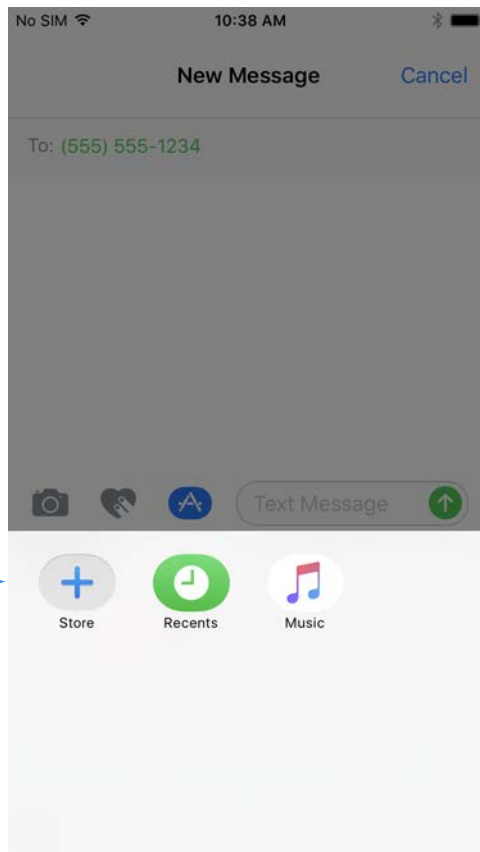

Step 10. Tap the  icon to send the BuzzSticker along with the text message.

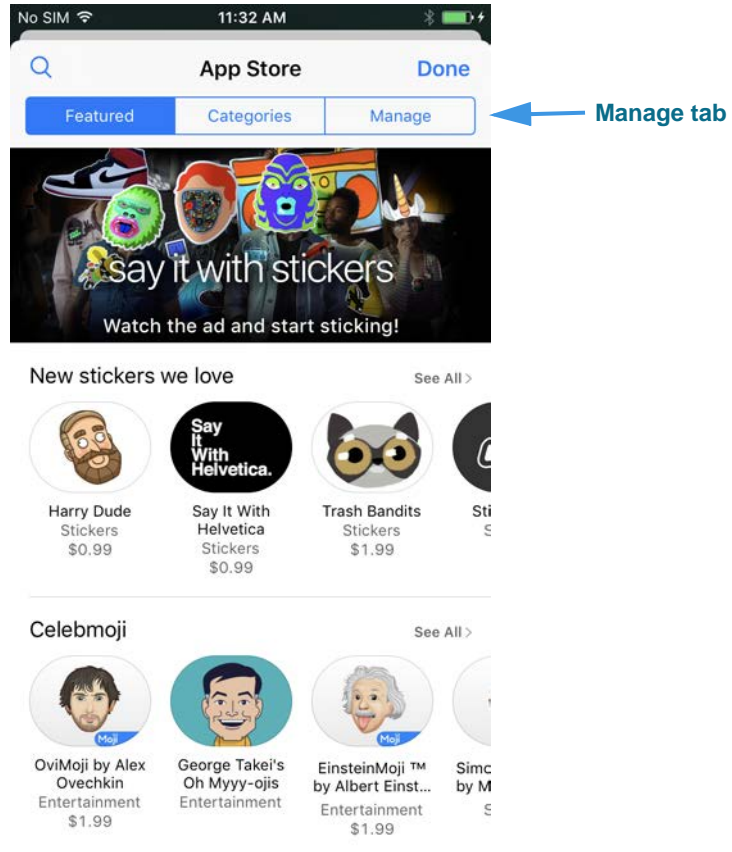

### *Don't See the BuzzSticker's Icon?*

Step 11. If you do not see the BuzzStickers' icon in Step 7, look for the  icon as shown below.

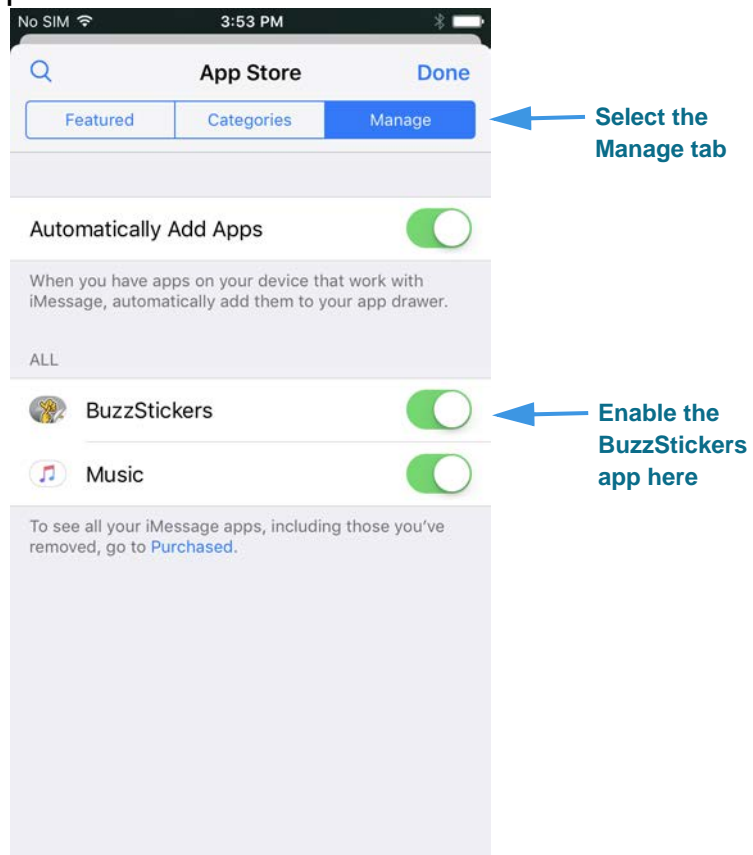

Store icon 

Step 12. Tap the  icon to open the screen shown below.

Step 13. Tap the **Manage** tab to open the screen as shown below.

Step 14. Make sure the **BuzzStickers** app is enabled for the Message app as shown in the above image.

Step 15. Tap the **Done** button. You should then see the BuzzSticker's app as shown in Step 7.

Step 16. You can proceed to select stickers to add to your text message as shown in Steps 8 and 9.
